Master Services Agreement Summary

This internal digest summarises the umbrella terms of the Master Services Agreement between the firm and Brightwater Logistics, signed on 6 October 2025. It is a working summary for the Falcon team and does not replace the signed agreement.

Key terms

Topic	Summary
Term	Three years from signature, renewable by written agreement
Payment	Invoices due 30 days from receipt; late amounts accrue modest interest
Liability cap	Fees paid in the 12 months before the claim
Intellectual property	Client owns deliverables; the firm keeps its pre-existing tools
Confidentiality	Mutual, in force for five years after the agreement ends
Termination	Either party on 60 days notice; immediate for material breach

How work is ordered

Each piece of work is agreed in a statement of work signed under this agreement. Changes to a statement of work need a written change order approved by both sponsors.

Points the team should remember

- Client data stays in the agreed environment and is not used to train outside models
- Subcontractors need prior written consent from the client
- Disputes go first to the two sponsors, then to mediation
- Insurance certificates are renewed each year by the firm's legal team
